

Weekly Activity News April 23rd. 2025

It happened as planned. And today's Fish and Chips were worth waiting for. Everyone only had good words to say about the quality and quantity and the organisation of the serving was also a credit to our club. Outside the weather was also favourable for the Bocce so it was a good day in every way.

Last week's Easter raffle raised \$220 for the Bocce Fund and many thanks go to all the supporters. Chair Exercises will commence on Thursday, 15th. May, at 11am in clubrooms with Jill Crilley for 45 mins. Come along and try this new activity. Lift access is available for this activity and Tai Chi as well.

The annual day to aid Cancer has been nominated as June 25th at the board for details.

Portland Trip is next week, Clubrooms will open normally. However there will be **No Bocce**.

A reminder to those non members attending Club events that after three attendances it is expected that membership will be obtained. At present this is available for \$5 for the rest of current financial year then \$20 renewal in July to cover next full year.
