

Weekly Activity News June 24th.2026

A more normal day today but the sun was out causing shadows on the Bocce ground great for warmth but had to see the string sometimes. Anne did it again topping the ladies with 41 and Ron Kenneady topped the Men with 51 in spite of a sore back. Lynette Kent is still recovering from her eye operation with continued poor sight but very optimistic specialist advice it will soon be excellent.

The Cancer day event was very successful with over \$2000 raised so far.
